

“LET NO ONE BE LEFT BEHIND”

The Levy Mwanawasa Medical University (LMMU) is the largest purpose -built University in Zambia. It is the country’s first-ever specialized public university for health study training.

Prof. Sekelani Banda
Levy Mwanawasa Medical University
Vice Chancellor

We are a National Hub that coordinates training for health workers in all the 10 provinces in the country. We pride ourselves in providing our students with excellent education that equips them with skills for a lifelong career in the health sector.

Established in 2018, LMMU has played a pivotal role in transforming our health sector, producing a new generation of healthcare professionals dedicated to serving our communities.

This visionary institution has been at the forefront of improving health care provision in line with the government's mission to enhance health services across the nation

Our university is a multi – disciplinary training institute, offering training at Diploma, undergraduate and post-graduate levels. We are committed to excellence in health professional education and research, anchored on our Vision, “A globally recognised Centre of Excellence in research and higher education training for health professionals and health care service provision.”

Dear Esteemed Clients and Stakeholders,

As we embark on a new chapter in the story of Levy Mwanawasa Medical University (LMMU), I am optimistic about the opportunities that lie ahead. It is a great honour to serve as the newly appointed Vice Chancellor of this prestigious institution a beacon of hope, innovation, and

academic excellence in Zambia and beyond.

LMMU has, in a short period, positioned itself as a leading centre for medical education, research, and healthcare training.

Prof. Sekelani Banda
Levy Mwanawasa Medical University
Vice Chancellor

As we move forward, my focus will be on consolidating these gains while charting a transformative path that is responsive to the evolving healthcare needs of our country. We will prioritise strategic partnerships, expand our research footprint, strengthen faculty capacity, and embrace innovation to produce a highly skilled and ethical health workforce.

Central to this vision is a commitment to student centered learning, community engagement, and the pursuit of excellence in every aspect of our academic and administrative work. I call upon all stakeholders, students, staff, alumni, government, and partners to walk with us on this journey. Together, we will build a resilient, globally competitive institution that not only trains professionals, but also shapes the future of healthcare in Zambia.

Prof. Sekelani Banda
