

HOW TO CONNECT TO LEVY MWANAWASA MEDICAL UNIVERSITY (LMMU) STUDENTS WI-FI

Follow these step-by-step instructions to successfully connect to the **LMMU_STUDENTS** Wi-Fi network.

Step 1: Open Wi-Fi Settings

1. Unlock your device (smartphone, laptop, or tablet).
2. Go to the **Wi-Fi settings** menu, typically found under "**Network & Internet**" or "**Wi-Fi**" in your device settings.

Step 2: Select the LMMU_STUDENTS Network

1. View the list of available networks.
2. Tap or click on **LMMU_STUDENTS** to connect.

Step 3: Sign in to the Network

1. After selecting the network, a **sign-in page** may appear automatically.
2. If not, open a web browser and try visiting any website to trigger the sign-in page.
3. You should see a welcome message: "**Welcome to LMMU STUDENT WIFI!**"

Step 4: Enter Your Access Code

1. Find the field labeled "**Enter Access Code.**"
2. Enter the **access code** sent to your email by the **IT Department.**

Step 5: Accept Terms of Service

1. Check the box to **accept the Terms of Service.**
2. Tap or click the "**Login**" button to proceed.

Step 6: Confirm Connection

1. Once you enter the access code and accept the terms, your device should connect to the **LMMU_STUDENTS** network.
2. A confirmation message or success page should appear, indicating a successful connection.

If you experience any issues, contact the **IT Support Desk** for assistance.
